VOLUME CVII.--NO. 200. ALEXANDRIA, VA., MONDAY EVENING, AUGUST 20, 1906. PRICE 2 CENTS.

A Trite Saying.

It is a trite saying that no man is stronger than his stomach. Dr. Pierce's Golden Medical Discovery strengthens the stomach—puts it in shape to make pure, rich blood—helps the liver and kidneys to expel the poisons from the body and thus cures both liver and kidney trouble. If you take this natural blood purifier and tonic, you will assist your system in manufacturing each day a pint of rich, red blood, that is invigorating to the brain and nerves. The weak, nervous, run-down, debilitated condition which so many people suffer from, is usually the effect of poisons in the blood; it is often indicated by pimples or boils appearing on the skin, the face becomes thin and the feelings "blue." Dr. Pierce's "Discovery" *cures* all blood humors as well as being a tonic that makes one vigorous, strong and forceful. It is the only medicine put up for sale through druggists for like purposes that contains neither alcohol nor harmful habit-forming drugs, and the only one, every ingredient of which has the professional endorsement of the leading medical writers of this country. Some of these endorsements are published in a little book of extracts from standard medical works and will be sent to any address *free*, on receipt of request therefor by letter or postal card, addressed to Dr. R. V. Pierce, Buffalo, N. Y. It tells just what Dr. Pierce's medicines are made of.

The "Words of Praise" for the several ingredients of which Dr. Pierce's medicines are composed, by leaders in all the several schools of medical practice, and recommending them for the cure of the diseases for which the "Golden Medical Discovery" is advised, should have far more weight with the sick and afflicted than any amount of the so-called "testimonials" so conspicuously flaunted before the public by those who are afraid to let the ingredients of which their medicines are composed be known. Bear in mind that the "Golden Medical Discovery" has THE BADGE OF HONESTY on every bottle wrapper, in a full list of its ingredients.

Dr. Pierce's Pleasant Pellets cure constipation, invigorate the liver and regulate stomach and bowels.

Dr. Pierce's great thousand-page illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 31 stamps. Address Dr. Pierce as above.

[Entered at the Postoffice of Alexandria, Virginia, as second-class matter.]

The Black Hand Society.

Soldesperate have the members of the Black Hand Society become in robbing, assaulting and even killing persons in Westchester county, N. Y., who refuse to contribute money to the treasury of the secret society that Sheriff Merritt has decided to send immediately two posses of deputies throughout the northern part of the county to search for the bandits and also to protect the hundreds of Italians who are employed on the New York city watershed, the State roads and other improvements. The police have information that members of the society have been sending letters from Brooklyn and secret service men are on that end of the case.

The latest crime committed by the blackmailers occurred at Mount Kisco, where Pasquale Serpa was murdered in a boarding house.

On Saturday a contractor from Valhalia asked Sheriff Merritt to send deputies to protect his workmen. He is building State roads, and nearly every workman has received letters threatening that unless money was given to Black Hand agents they would suffer. Many of the laborers have fled. The contractor says he is unable to continue his work unless something is done to protect the men.

Cassessi Salvador, one of the two highwaymen who were beaten and stabbed at Croton Dam, back of Katonah, Thursday last, died Saturday. Salvador and Charles Salvator held up two laborers and demanded money. The laborers said that if the highwaymen would accompany them to their hut they would give them what they had. This was agreed to, and the four men proceeded to the settlement. Arriving there the friends of the laborers set upon the footpads with knives and crowbars.

Seven Men Killed.

Plunging through a blinding rainstorm at the rate of 45 miles an hour early yesterday a fast freight train on the Pennsylvania Railroad crashed in a slowly moving work train at Sang Hollow near Johnstown Pa., killing seven and seriously injuring seven others of the work train crew. Three of the latter will probably die. Engineer Woods was the only member of the freight crew that was injured.

The work train had stopped at a water plug near Sang Hollow to take water. A Fort Wayne freight was following, and because of the driving rain the engineer was unable to see the work train until just before the crash. The engineer of the freight jumped, and received injuries from which he will die. The fireman remained on the engine and was uninjured. When the freight engine crashed into the work train it plowed its way through the cars. All of the laborers and others of the work crew were asleep, and those that were killed probably never knew they were struck.

The cries of the wounded, the burning cars, the overturned engines and the sound of escaping steam combined to make a most horrible sight. The crew of the freight made an attempt to rescue the men from the cabin car, but owing to the fact that the doors were battered in on the wreck and the timbers were crushed so that entrance was impossible it was some hours before it was found out how many were dead. Four men were dead when taken out. The others died after being taken to a hospital.

Doctor's Big Bill.

Dr. Frank Billings, of Chicago, physician and surgeon to the rich, has sent a bill to the Marshall Field estate for $25,000 for services for seven days in New York city during the last illness of the famous merchant.

This is at the rate, approximately, of $3,572 a day, and is said to be the largest bill ever charged in this country where no surgical operation was performed. It has been rumored that the medical attendance during the last days of Field cost $50,000. Dr. Janeway, of New York, it is said, received the other $25,000. The claim of Dr. Janeway has not been filed, so far as can be ascertained.

Dr. Billings, through his counsel Chas. L. Billings, filed his claim against the Field estate, together with the sworn bill for $25,000, with the clerk of the Probate Court for adjudication and payment. This is the usual form required by law. There is no likelihood, it is said, of the claim being contested, as the executors accepted service without hesitation.

Accidents to Automobilists.

An automobile party of four persons, two men and two women, ran into or was hit by a Pennsylvania train at Allaire, N. J., Saturday afternoon. The two women and one of the men were instantly killed. The other man was in the hospital at Spring Lake last night, fatally injured.

Yesterday afternoon while E. A. Stengeman, of Paterson, N. J., with his chauffeur, was speeding along the Arcola road in an auto, the machine skidded at Grassick's Hill, near Sprout Brook. It collided with a large telephone pole and threw the two men into a field. They were picked up unconscious, but were subsequently revived. The auto was wrecked.

Counsellor A. H. G. Maidment and Insurance Agent J. Elliot Harding, whose automobile was hit by a West Shore train at Bogota, Pa., Friday evening, are reported in a critical condition. Mr Harding, it is feared, is hurt internally, while Mr. Maidment has a fractured hip, severe bruises of the body and contusions of the head.

Worth it's Weight In Gold!

TO REMOVE FRECKLES AND PIMPLES IN TEN DAYS, USE

The Complexion Beautifier

Nadinola Is guaranteed, and money refunded if it fails to remove the very worst cases and beautify the complexion in twenty days.

Mrs. Edward Jones, of Mount Sterling, Kentucky, writes:

"I feel it my duty to tell you the benefit Nadinola has been to me. I had suffered untold mortification with freckles, since childhood. Having used all the highly recommended creams and lotions, with much hesitancy I bought your entire treatment. After giving it a fair trial I most heartily recommend it, for it's worth its weight in gold to any woman having freckles. Your Nadinola is the only thing I have ever used with success. Your Nadine Face Powder is grand. Wishing you the deserved success, I am sincerely."

Price 50 cents and $1.00, by leading druggists or mail. Prepared by the

National Toilet Co., Paris, Tenn.

YOUR HAT

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.

Baldheads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of Dandruff it is a sure sign that these countless germs are busily at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit Mich.

E. S. Leadbeater & Sons, Special Agents.

You need a pill? Use DeWitt's Little Early Risers, the famous little pills. Do not sicken or gripe, but results are sure. Sold by W. F. Creighton & Co., 401 King street.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

MONDAY EVENING, AUG. 20, 1906.

THE ARTICLE in last week's Insurance Review of New York, which was copied in Saturday's Gazette, was read throughout the community with no little regret. But few people save Chief Engineer Pettey were aware of the fact that a petition was in existence asking for contributions toward purchasing a horse for that official. Had some citizens known that such a movement was on foot they would have taken steps to stop it, even if they had been compelled to subscribe themselves for the purchase of a horse, had such an animal been deemed indispensable to the Chief Engineer of the Fire Department. It can be stated in this connection that the present official is the only person who has filled the position who has deemed horse and buggy and a gongessential paraphernalia on the fire ground. The city has unjustly attained unenviable notoriety by a thoughtless act on the part of a city official who has obtained nearly everything he has asked of the City Council during the past nine or ten years he has been at the head of the fire department. Previous to his incumbency the salary of the chief was fifty dollars per annum. The present official has had his pay increased from time to time until he now draws two hundred and fifty dollars a year from the city. The increases have been made in order that his horse might be fed and his buggy kept in order. It is to be regretted that he went outside his own city to solicit anything. Alexandria has always been liberally disposed toward her fire department. Capacious and modern engine houses have been built, new apparatus purchased and every endeavor made to minimize losses by fire; hence but few serious conflagrations occur in this city. Beside all this, the City Council invariably contributes toward firemen's parades, excursion trips to other cities, &c. As an evidence of this, it will be remembered, Council a few weeks ago appropriated three hundred dollars toward defraying the expenses of the visit to Richmond of the members of the Alexandria fire department. The present Chief Engineer is an earnest, active and well-meaning official, but his act has been thoughtless and unnecessary when all the facts in connection with the case are considered.

CENTURIES AGO Mahomet made a trip to another world and gave an interesting description of the scenes beyond this planet. Later Baron Munchausen visited the dog star. He stated that the inhabitants of that orb do not put food in their mouth, as in this world, but deposit it large lumps through an opening in the stomach, thus avoiding mastication. The latest explorer of the planetary system is Sackville G. Leyson, of Syracuse, N. Y. While in a trance in the presence of 50 members of the First Progressive Co-operative Psychological Association of Syracuse, of which he is president and founder, his spirit traveled 141,000,000 miles and back in 40 minutes, he says, and visited Mars. He is now preparing to take a spiritual trip to the moon. Some of his observations while on the ruddy planet will be read with interest. He says that while looking down from a mountain top in the valley, he saw a number of persons. These he approached and found that they were so large that he only came up to their knees. They wore no clothing, being all covered over with hair. They had great big ears and noses like a lion, and only one eye, which was located in the middle of the forehead. When talking to each other their voices sounded like thunder. In general shape they were much like the men on earth. A peculiar thing he noticed was that their lung expansion was crosswise instead of lengthwise, like ours. Their chest did not move up and down when breathing, but their sides moved in and out like a bellows. Besides the big men there was a lot of little ones, among the Martians, who lived in caves in the ground. These had webbed feet and slipped over the ground in a motion which looked as if they were skating. They could walk up perpendicular walls like flies. Unlike the big men, they had two eyes, one in each temple. The front of the face was flat, as they had no nose, but they had a hole in each cheek which performed the same function. Their mouths seemed to be up and down and were on the front of their face.

A DISPATCH from Norfolk shows that there are still a few people on earth who are endowed with a delicate sensitive spirit. Brooding over a few trivial debts, aggregating not over $7, seems to be the only cause that can be assigned for the suicide of young Claude Atkinson, who fatally injured himself Saturday by plunging headlong from a third-story window of the Coferton Hotel into an areaway below, striking upon his head. The boy died a short time after he was found. In a note addressed to Mr. and Mrs. Atkinson, of Crittenden, the young man's parents, he said that he intended to kill himself because of his debts, which he said amounted to about $7. It is probably well that a large percentage of the human race is not possessed of such a fine-strung nature, as were such the case the number of funerals would soon overtax all the undertakers in the civilized world. Many are compelled, through no fault of their own, to contract debts, but in most of such cases people place themselves under obligations they can avoid.

DISPATCHES from different points in Chili show that the earthquake of Thursday last was widespread and that wholesale loss of life and destruction of property resulted. Thousands of persons who escaped death, but whose homes were shaken to the ground, are now camping out in the open air, hungry and cold. This is the third serious convulsion of nature that has occurred within almost as many years. The Martinique horror was followed by the San Francisco earthquake, and before people had ceased to talk of that calamity a seismic disturbance in Chili has buried thousands and deprived the survivors of homes.

DAVID M. PARRY, the Indianapolis manufacturer of carriages, declares his business needs no protection and that employees and laborers, benefited by protection in Indiana, are only an infinitesimal per-centage of the whole population of the state. Yet, Mr. Parry persisted in voting for republican candidates who not only stand pat but refuse to vote for or consider any bill looking to tariff reform.

THE COST of living will greatly decrease when the people of the United States can buy American trust products as cheap as the foreigners now buy them. When the cost of living goes down, wages virtually rise.

WHEAT has declined in price ten cents a bushel and cotton and corn are getting cheaper and yet the republicans declare that the tariff protects the farmer

From Washington.

(Correspondence of the Alexandria Gazette.)

Washington, Aug. 20

The bureau of manufacturers today in the Daily Consular and Trade Reports calls attention to the great success which has come to the leather industry in this country during the last few years. Fourteen years ago the total exports of leather and its manufactures amounted to only a little over twelve million dollars, while today it aggregates forty millions and is increasing so rapidly that the bureau estimates that the fifty million mark will soon be reached. The effect on European competitors has been to induce them to expend large sums of money to discover the secret processes by which American leather is prepared. The bureau says they have been quite successful in this task.

The National American Red Cross has requested the State Department to inform it of the extent of the Chilian earthquake and of the advisability of appealing to this country for relief by the sufferers in that country. On account of the meagre reports received in Washington, the Red Cross has hesitated to take any steps previous to this time. Acting Secretary of State Bacon is a member of the executive committee of the Red Cross and it was to him that the society made its request.

The State Department is without additional advices with regard to the earthquake at Valparaiso, Chili, this morning. Cablegrams from United States Minister Hicks and from U. S. consular officers in Chili received yesterday do not represent the situation as bad as the newspaper dispatches would indicate although there is no doubt that considerable property has been destroyed by the fires which succeeded the earthquake.

Representative Longworth, the President's son-in-law, says no possible combination of circumstances could arise which would make Mr. Roosevelt accept another term. His mind is settled, and irrevocably on that matter.

A telegram received here today from Mr. Root by the State Department says that he was leaving Buenos Aires that afternoon after a most hospitable and friendly reception and entertainment. Mr. Root added that in view of the terrible calamity in Chili he proposed with the acquiescence of the Chilian government to limit his visit in Chili to a simple call of condolence. Mr. Root says that he had offered appropriate sympathy to the Chilian government in a dispatch sent from Buenos Aires.

By direction of the President the State Department has prepared and sent a message of condolence to the President of Chili expressing the sympathy of this government and the American people with the people of Chili on account of the earthquake in Valparaiso.

Senor A. F. Pulido, secretary of the Venezuelan legation in this city, was at the State Department this morning inquiring as to the receipt of news regarding the health of his distinguished chief President Castro. Recent reports from Caracas have been to the effect that Castro, who has been ill for some time, is now in a serious condition. He is said to be suffering from Bright's disease. The State Department is without information on the subject. The last news that Senor Pulido had was to the effect that President Castro had merely an attack of malgria.

Jerome a Candidate.

William Travers Jerome, independent democrat, twice elected district attorney of New York county, made the following authoritative announcement yesterday from his summer home, in Lakeville, Conn.

"In the present shameful conduct of our political life in this State, I am willing to run for the office of governor of the State if the democratic convention shall nominate me without any understanding, express or implied, other than that, if elected, I shall obey my oath of office as I understand it, in letter and spirit.

"WILLIAM TRAVERS JEROME."

Mr. Jerome's announcement of his candidacy before the regular democratic convention is said to be only a part of his programme. If he is not nominated by the convention, he will be an independent candidate for governor. He became an independent candidate for district attorney of New York after he had failed to secure the regular democratic nomination.

The Market.

Georgetown, Aug. 20.—Wheat 65@72

News of the Day.

Twelve persons lost their lives in the waters about New York yesterday. Most of the victims were bathers.

F. R. Hitchcock's Tangle, who ran second in the Saratoga Handicap, Saturday, won the $11,000 Great Republic Stakes, one mile and a quarter, at Saratoga.

A dispatch from Denver, Col., says that William L. Petrikin, secretary of the Great Western Sugar Company, gives out a statement that the estimated value of the sugar beet crop in Colorado for this season is $10,000,000. This is $1,688,127 more than last year's crop brought to the farmers.

Flourishing a revolver and declaring she would kill Paul O. Stensland if she could find him, a woman led a mob 200 strong in a charge on the doors of the wrecked Milwaukee Avenue State Bank in Chicago Saturday. Balked in her effort to enter, she turned and delivered a harangue to the crowd.

B. W. Hauback, of Fauquier county, Va., who says that he is employed as a canvasser by B. L. Umberger, of Concord, Va., was taken to the City Hospital in Baltimore yesterday morning suffering with painful bruises about the body and a contusion of the back. Hauback was walking on the Northern Central Railroad track when he was struck by a train.

Jefferson T. Mason, solicitor and collector for the defunct Federal Commercial and Investment Company, of Philadelphia, who was arrested in Washington on Friday night, charged with obtaining money under under false pretenses, was released from jail late Saturday afternoon on $750 bond for his appearance in the Police Court next Thursday, when the case will be given an airing.

Bookbinders in the government printing office in Washington threaten to go on strike on account of the suspension of Alvin J. Tanner by acting Foreman Ashton Saturday morning. Members of the Bookbinders' Local Union No. 4 have taken the action of the foreman as directed at themselves, and have determined upon radical action in the effort to secure the reinstatement of Tanner. Final action will be taken by the bookbinders at a special meeting Tuesday night.

In a duel between two boys for the affections of Miss Catherine Cannon, in Chicago, Saturday night, Charles Martin, 18 years old, was probably fatally wounded and one of his seconds, "Lucky" Hanson, received wounds that will probably result in his death. Hanson, after the trouble, was spirited away by several companions and has not been found by the police. The other duelist, William S. Sweeney, escaped unhurt and is under arrest, held for the double shooting.

Two boys were killed and another was probably fatally injured yesterday, when powder house No. 1, belonging to the Grant Powder Company at Yreka, Cal., was blown up. In nearly every business house in Yreka, windows were broken. Remnants of clothing and parts of bodies found on a hill indicate that two boys were blown to atoms. It is supposed that the boys fired into the powder house through a ventilator. A carload of powder had been stored in a rifle magazine Saturday.

The police of Marseilles, France, yesterday arrested an Italian anarchist of the name of Cirillo Francese, a bootmaker, on suspicion of being in a plot to assassinate President Fallieres on his approaching visit to Marseilles Exposition. When Francese's lodgings were searched the police found 340 grammes of fulminate, 500 lead screws and other bomb accessories, all of which had been brought from Italy. The arrest was the result of the receipt of an anonymous letter denouncing the plot, which had wide ramifications.

The corpse of a man, name unknown, employed with John Robinson's circus, was found yesterday by a track hand on the Gettysburg division of the Western Maryland Railroad near Porters. The officers think the man was murdered, as his body contained several wounds that looked as if they had been made by a knife. The man's hands were tied with twine, evidence that he had been probably murdered and then placed on the railroad track by his slayers to conceal their crime. This is the second employe of the circus to be killed within a few days. Harry Geil, colored, was recently stabbed to death at Luray.

There was a race riot at Seaford, Del., Saturday night in which four men were seriously injured. One of a large number of negroes from Maryland and Virginia who went to that section of the State looking for work in connection with the handling of the peach crop became involved in a quarrel with a white boy. The negro, it is said, struck the boy and the citizens of the town organized and proceeded to run out of town all the strange negroes seen on the streets. The negroes resented the treatment, and attacked the white men, which resulted in William T. Russell, a traveling salesman, of Cumberland, Md. and Linden Short, of Seaford, two colored men being seriously hurt. A temporary lockup had to be provided because the town jail was filled with prisoners.

THE EARTHQUAKE IN CHILI.

Dispatches received during the past two days show that Valparaiso, Chili, and, in fact, the whole of Chili, has met with one of the greatest earthquake disasters in its history.

At 7:52 o'clock last Thursday evening Valparaiso experienced an earthquake of great severity, and during that night 82 shocks were felt. Most of the buildings of the city either were ruined or damaged. The loss will be enormous, probably reaching $250,000,000. Two thousand persons killed is considered to be a fair estimate of the casualties.

Vina Del Mar, three miles from Valparaiso, and having a population of over 10,000; Quirihue, 225 miles to the south ward, with a population of 2,500; Salto Si Limache, 15 miles to the northwest, with a population of 6,500: Quillota, 25 miles to the northwest, with a population of 10,000, and villages all around were destroyed. Most of the damage was due to fire which started immediately after the first shock. The whole population is sleeping in the hills, the parks or the streets. Food is very scarce. Milk costs two Chillian dollars a liter, and it is almost impossible to obtain meat, even at high prices. The railroads are all destroyed. Rain, which began to fall immediately after the first shock, stopped an hour afterward. The nights are very cold and windy and the people sleeping in the open air are suffering greatly.

Virginia News.

Mr. F. Frank Crocker, postmaster of Falls Church, died on Wednesday after an illness of over a year.

Henry I. Slagle, formerly president of the Shenandoah Valley National Bank, died Saturday of paralysis, at his residence, in Winchester, aged 87 years.

John R. Smith, of Loudoun county, died suddenly Saturday at his home, in Purcellville, from heart disease, aged sixty-two years.

Orders have been issued to the officers of the Seventieth Virginia Regiment to assemble in Richmond next Saturday to elect a colonel in place of Col Anderson, resigned.

In order that the facilities of the Norfolk and Western may be increased to meet traffic demands the directors of the road contemplate spending $34,000,000 on improvements.

The announcement has been made of the engagement of Miss Carrie Peyton Wheeler, the youngest daughter of General Joseph Wheeler, to Gordon M. Buck, of New York, formerly of Virginia, and a graduate of the University of Virginia.

The President has approved the findings of the court-martial dismissing from the naval service Midshipman Robert A. Jackson. He is charged with being absent from duty on board the Missouri without leave and was convicted. This is the second time he had been convicted of the same offense.

Accused of alienating the affections of Mack White's wife, Tobe Smith in Winchester Saturday night made a murderous assault upon the former with a razor slashing White almost from ear to ear through the mouth and separating his jaws. Smith is now in jail awaiting the result of White's injuries.

Radford has banished the dog from the streets for sixty days on penalty of death. This measure was brought about by the death of several canines from hydrophobia recently. Several persons have been bitten by dogs supposed to be rabid, and considerable excitement has prevailed on several occasions.

The report that 50 men were entombed in the Clinch Mountain tunnel, now under construction by the South and Western Railroad, is incorrect. The story had its origin in an accident at the tunnel Friday in which two negroes were killed and several workmen injured by falling rock and scaffolding.

On Saturday three livery horses of Mr. E. J. Eggborn, attached to a large turnout, were drowned while fording Crooked Run, a usually dry steam, near Culpepper. The water rose so suddenly and was so swift that the driver and passengers were hurled out of the wagon, which was overturned, and carried a quarter of a mile down the stream.

Wm. Terry, a laborer, employed by Lucas & Co., contractors on the double tracking of the Norfolk and Western at Lowry's, near Lynchburg, was struck early yesterday morning by the Washington and Chattanooga limited, east bound, and his right arm was ground off. He also sustained a fracture of the right knee and injuries on the head.

Mrs. Cynthia Lee, while engaged in her household work in Richmond Saturday, was severely burned by the explosion of a gasoline stove. Mrs. Lee owes her life to the fact she did not get excited. When the explosion took place and set fire to her clothing she coolly jumped into the bed, wrapped the blankets around herself and smothered the flames. She is burned severely about the face and hands.

Richard Witt, aged 19 years, of Forest Depot, near Lynchburg, was instantly killed late Saturday night by a west bound freight train on the Norfolk and Western railroad. Witt had been visiting relatives near Lynchburg and he endeavored to board the train to return home. He missed his footing and fell under the wheels and was so badly crushed that he was dead before the end of the train passed him.

The handsome Centenary Reformed Church, of Winchester, recently completed at a cost of about $12,000, was formally dedicated yesterday, three services being held—morning, afternoon and night—all attended by throngs of people. The new church is a substantial brick structure of Grecian architecture and contains Sunday school rooms, in addition to the church auditorum and galleries. There are 12 costly memorial windows and a pipe organ of exceptionally sweet tone.

A deliberate murder in the streets of Norfolk shortly after midnight Saturday was averted only by the bad aim of C. C. Hill, a scenic painter. He was drunk at the time, and, holding a grudge against A. Renna, who is employed at the same place with him, he sought to kill him. Renna knew the man was dangerous, and when he saw him coming up Main street he ran up an alley. Hill pursued him and opened fire, one bullet knocking Renna's hat from his hand. When placed under arrest Hill declared that he regretted not killing Renna.

In this state it is not necessary, to serve a five days' notice for eviction of a cold. Use the original laxative cough syrup, Kennedy's Laxative Honey and Tar. No opiates. Sold by W. F. Creighton Co., 401 King street

Heavy Rain in Roanoke.

The heaviest rain in the history of Roanoke fell yesterday afternoon, converting several of the streets in the heart of the city into rushing torrents, and doing great damage. The rain commenced to fall at about 6:30, and for three-quarters of an hour poured down in sheets. Henry street, from the post office to Salem Avenue, was covered by twelve inches of water. Church Avenue from the postoffice to Jefferson was covered by eight inches, while Salem Avenue, the lowest street, had from eighteen inches to three feet and was several feet deep in some of the Salem Avenue stores. The great damage was to streets. Contractors have been at work on miles of streets paving and macadamizing, and the rain made great gutters in all the street work. Old macadam streets were also damaged. The streets were in a fearful condition last night on account of the mud and holes that were washed in the sidewalks throughout the submerged districts.

Luckiest Man in Arkansas.

"I'm the luckiest man in Arkansas," writes H. L. Stanley, of Bruno, "since the restoration of my wife's health after five years of continuous coughing and bleeding from the lungs; and I owe my good fortune to the world's greatest medicine, Dr. King's New Discovery for Consumption, which I know from experience will cure consumption if taken in time. My wife improved with first bottle and twelve bottles completed the cure." Cures the worst coughs and colds or money refunded. At E. S. Leadbeater & Sons' druggists. 50c and $1.00. Trial bottle free.

Today's Telegraphic News

THE RECENT EARTHQUAKE.

Valparaiso, Chili, via Galveston, Tex., Aug. 20.—Two thousand lives lost and property to the value of $250,000,000 is ruined. This is the latest estimate of the damage caused by the earthquake catastrophe which shook this region on Thursday night. In addition to this fearful loss it is now known that the surrounding country suffered severely. Vinar del Mar, three miles from here, with a population of 10,000; Losander, with 9,000 inhabitants; Melippilla, with 3,000 residents; Quirihe, 35 miles to the south; Salto Lamanche, 15 miles northwest; Quillota, San Felipe and Cacablanche have all been destroyed. In addition to this numerous smaller villages in the surrounding country are also ruined.

All things considered, the disaster is greater than the San Francisco catastrophe. There is infinitely more suffering. This is the winter season here. The weather has been bad and 100,000 people are homeless, living in the hills and mountains fearing to return to the city were the shocks continue, although diminishing in force. The reports from outside towns are far from complete, but they show the frightful loss which was caused everywhere. It is probable 1,000 lives have been lost outside of Valparaiso and Santiago. $10,000,000 is given as an estimate of the financial damage throughout the country.

Lima, Peru, Aug. 20. — Robinson Cruisoe's island is no more. This is the information which has reached here. The famous island is reported to have been wiped out of existence by the great seismic disturbances of last Thursday and Friday which wrought such damage throughout Chili.

London, Aug. 20.—Not a building in Valparisco escaped undamaged in the earthquake which shook Chili with such disastrous results Thursday night.

Paris, Aug. 20.—Europeon residents in Valparisо have been heavy losers in the recent earthquake which has caused so much damage to the great Chilean seaport. This is the information which comes today to the foreign office from M. Ramoger, the French Consul at Valparaiso. The consul's message to the government is brief, and does not give details of the loss. It announces that the personnel of the legation is safe, but adds that there have been heavy losses among the Europeon colony. Both the financial loss and number of deaths among the European residents of the city will be great.

Sheriff Fled from Mob.

Gainesville, Ga., August 20.—Sheriff Andrew Jackson, of White county, reached the city at an early hour yesterday morning with Dave Moore, colored, who is alleged to have criminally assaulted the daughter of James Hood, a well-known White county farmer, last Friday afternoon. Moore was arrested Saturday in White county. Threats of lynching became very frequent, although Judge Kimsey appealed to the people to allow the law to take its course, and went so far as to order a special term of the Superior Court to convene at Cleveland Monday morning to try the negro. This in a measure appeased the people for a time, but on Saturday night threats of lynching became so frequent that Judge Kimsey deemed it wise to have the prisoner removed to Gainesville for safekeeping. Accordingly he telephoned to Sheriff Crow, at Gainesville, late Saturday night, of the situation and instructed him to meet the sheriff of White county on the way between Gainesville and Cleveland and place the prisoner in jail here at all hazards. This was done. Sheriff Jackson told the officers that he had a narrow escape from the mob of enraged White county citizens as they hostly pursued him and fired at least one hundred shots at him. He outran them, however, and got out of their way.

Smugglers Captured.

Lisbon, Aug. 20.—Customs guards under command of General Mendez captured a notorious gang of smugglers led by Captain Alvarez, after a severe fight near the frontier town of Elvas, in which four of the smugglers were killed and seven others were wounded. All the other members of the band, numbering nineteen, were taken prisoners. The gang successfully eluded the customs guards for a month. Their capture is due to the betrayal of their workings by one of the confederates of Alvarez, through jealousy.

Suspicious Schooner.

Havana, Cuba, Aug. 20.—A suspicious looking schooner is lying off Pinar del Rio to pick up the man accused of being implicated in the plot for the assassination of President Palma and the overthrow of his government, who made their escape yesterday at the time other alleged conspirators were taken into custody. A close watch is being kept on the schooner by the authorities and it is probable vessels will be sent to overhaul and prevent her from assisting any of the fugitives who may be able to reach the coast.

Unsuccessful Attempt to Wreck a Train.

Bucharest, Roumania, Aug. 20.—Robbers made an unsuccessful attempt to rob the Roumanian express which was carrying $200,000 in gold. Three men entered the mail car at a point between Bucharest and Galatz. The conductor was the only occupant of the car, but he put up a desperate fight in defense of the treasure. One of the robbers finally shot and killed the conductor. This frightened the men and they all jumped from the car. One man has been captured but the others are still at large.

Assistance from American Anarchists.

Brussels, Belgium, Aug. 20.—Anarchists in the United States are assisting heavily in a financial way to the Russian propaganda. The international socialistic bureau here has received 500,000 francs for the terrorist cause in the Czar's empire. A large portion of this amount has come from anarchists in Patterson, N. J., and other American cities.

Catarrh Cannot be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

F. J. CHENEY & CO., Toledo, O.

Sold by Druggists, 75c.

Take Hall's Family Pills for constipation.

The President's Letter to Mr. Watson.

New York, Aug. 20.—President Roosevelt today made public from Oyster Bay a letter to Representative James E. Watson, of Rushville, Ind., in which he discusses the issues of the present congressional campaign, and which reads in part as follows:

"My dear Mr. Watson: I hear through Speaker Cannon and Representative Sherman that you have volunteered to give your services to the congressional committee for the entire campaign, and I feel like writing you a word of congratulation. With Mr. Cannon as Speaker, the House has accomplished a literally phenomenal amount of work. In affairs outside of our own country our great work at present is the digging of the Panama canal. Had Congress been either timid or corrupt, and had not the leaders of Congress shown the most far-sighted resolution in the matter, the work of building the canal would never have been begun, or if begun, would now have halted. The opposition to the adoption of the treaty by which our right to build the Panama canal was secured by a part, at least, of the opposition even now being made to the ratification of the Santo Domingo treaty, which is one more step in the effort to make peaceful and secure the waters through which the route of the canal leads, the constant effort to delay on one pretext and another, the actual work on the canal all prove how essential it is that if the American people desire the Panama canal to be built in speedy and efficient fashion, they should uphold the hands of those who in the present Congress have so effectively championed this work. No less praiseworthy has been the attitude of this Congress in continuing to maintain on a high plane of efficiency the United States navy. This country is irrevocably committed to the maintenance of the Monroe doctrine, and policing the canal route, but both would be absurd on their face if the nation failed to its duty in maintaining a thoroughly efficient navy. No other Congress for many years has, as regards the betterment of our internal affairs, so much and such excellent work do its credit. The tremendous social and industrial changes in our nation have rendered evident the era of larger exercise by the national government of its power to deal with the business use of wealth, especially of corporate wealth, in interstate business. It is not too much to say that the course of Congress within the last few years, and the hearty agreement between the executive and legislative department of the nation in taking he needed action each within its own sphere, have resulted in the nation for the first time definitely entering upon the career of performance of duty in these matters. The task is peculiarly difficult, because it is one in which the fanatical or foolish extremists and the reactionary, whether honest or dishonest play into one another's hands; and thereby render it hard to secure action which shall be effective, and yet not needlessly jeopardize the business prosperity which we all share even though not with equality as we are striving to secure. It is a very easy thing to play the demagogue in this matter, to confine one's self merely to denouncing the evils of wealth. It is also easy to play the part of a mere obstructionist, to decline to recognize the great evils of the present system, and thereby strengthening the hands of those who advocate extreme and foolish measures. It is not easy to do as the present Congress and its immediate predecessors have done; that is, sternly to disregard alike the self interest of those who have profited by the present evils, and the wild clamor of those who care less to do away with them than to make a reputation with the unthinking of standing in extreme opposition to them.

But this is precisely what this Congress has done. Instead of enacting anti-trust laws which were either so vague or sweeping as completely to defeat their own objects, it has given us an interstate commerce law, which will enable us to exercise in thorough fashion a supervision over the common carriers of this country, so as, while scrupulously safeguarding the proper interests to prevent them from charging excessive rates, to prevent their favoring one man at the expense of another, and to require them to be fully accountable to the public for the service which to their own profit they render the public."

The President then refers to the Elkins law and the creation of the Department of Commerce and Labor. He then calls attention to the employers' liability law, and says he shall ask Congress to put in the permanent form of law, the provision he has made by executive order for securing to the wage workers under the government half holidays during the summer months, just as regular holidays are now secured by law for the salaried clerical workers in the classified service.

The President further on says:

We are anxious to help, alike by law and by executive action, so far as in our power lies, every honest man, every right dealing corporation. But, the fact that we heartily recognize an organization or a kind of organization as useful will not prevent our action to control it or to prevent its committing abuses.

Arrests of Anarchists.

Marseilles, Aug. 20.—More arrests in the anarchist plot to assassinate President Fallieres during his coming visit here are expected when the government agents find the sender of the anonymous letter which led to the arrest of an Italian anarchist named Cyrillo Frances, a bootmaker. The plot is now believed to have been hatched in the anarchist quarters of Paris. The police found nearly four hundred grains of fulminate, five hundred lead screws and other parts of bombs in the lodgings of Frances. An anonymous letter to the police, evidently written for the purpose of revenge, frustrated the assassination of France's executive.

Fishing Vessel Burned.

New York, Aug. 20.—The officials of the Hamburg-American line in this city this morning received a wireless message via the Marconi station at Cape Race, Newfoundland, from that line steamer Kaiserin Augusta Victoria, bound from New York for Hamburg. The message stated that at nine o'clock on the morning of August 19, the steamer passed a French fishing vessel on fire. The name of the vessel could not be ascertained. The crew of the fisherman had taken to the boats but refused to board the Kaiserin.

Deserted to the Rebels.

Havana, Cuba, Aug. 20.—Rurales guards stationed at Four Posts in the province of Pinar del Rio, deserted this morning to the rebels operating in the province. About forty men are involved. The defection of the Rurales has greatly alarmed the government, as their loyalty had never been doubted. The government has dispatched a train load of troops to Pinar del Rio province to command the situation. Heavily armed guard has been stationed in the treasury.

Additional information which has been received by the government indicates the spread of the attempted uprising, and President Palma and his advisors show that they are alarmed, while maintaining that the government has the situation well in hand.

Japanese Indicted.

Washington, D. C., Aug. 20.—Acting Secretary Murray of the Department of Commerce and Labor today received a telegram from Walter L. Lembkey, agent in charge of the fur seal fisheries of Alaska, dated Valdes, Alaska, August 18, stating that the twelve Japanese prisoners who were taken in the recent raid on the seal rookeries of St. Paul Island, were on that date indicted for illegal sealing.

Death of Michael Dwyer.

New York, Aug. 20.—Michael F. Dwyer, one of the greatest plungers the turf has ever known, died at his cottage opposite the Gravesend track yesterday. With his brother Philip, they owned at one time the best stable in America. Because of Michael's mania for betting, they separated. While Michael amassed a great fortune it is said that he lost it and practically died a poor man.

Atlantic City Overcrowded.

Atlantic City, Aug. 20. — Thirty thousand people who arrived in Atlantic City Saturday night found the hotels filled. Billiard tables and porch rockers for sleeping purposes brought any price asked. Hundreds slept on the board walk benches. Some people asked, and were allowed to sleep in cell bunks in the city jail.

Eight Miners Killed.

St. Petersburg, Aug. 20.—Eight miners were killed and 17 injured as the result of a conflict with troops at Usoka, Ekaterinoslav, yesterday. The miners of the district attempted to hold a meeting and were ordered by the soldiers to disperse. The men refused to do so, and the troops fired into the crowd, with the result stated.

Arrest of a Counterfeiter.

Jersey City, N. J., Aug. 20.—Charles Aumack, who was arrested here late on Saturday night on a charge of making counterfeit twenty-five and fifty cent pieces, was arraigned today before United States Commissioner Rowe. Aumack waived examination and was remanded to jail.

Sailed for Home.

Gibraltar, Aug. 20.—William Jennings Bryan, accompanied by Mrs. Bryan, sailed from here at 2 o'clock this afternoon for New York on board the Prinzesse Irene of the North German Lloyd line. The vessel is due to arrive in New York on August 29.

Jews Fasting and Mourning.

Madrid, Aug. 20.—All Jews in Spain are observing today a special fast as a sign of mourning for those who lost their lives in the Russian massacres. The idea was suggested in a letter from a Russian rabbi who is trying to arrange a similar international fast.

Disgruntled Japanese.

Honolulu, Aug. 20.—The possibility of complications between Japan and the United States as the result of the treatment accorded Japanese residents in Hawaii is being freely discussed here as the result of the publication by the Japanese Daily Chronicle of a series of inflammatory articles in English objecting to the manner in which the white and dominant elements treat Japanese. The articles, which reflect the sentiment of many Japanese, state that the latter are held in contempt by the whites, and their presence in Hawaii is resented. If other labor could be secured for the plantations it is asserted, the Japanese would be dispensed with altogether.

REAL ESTATE

For Sale.

One of the best constructed brick dwellings in the most desirable location in Alexandria.

No. 217 South Pitt Street.

Local Matters.

Sun and Tide Table.

Sun rises tomorrow at 5:17 a. m. and sets at 6:49 p. m. High water at 8:10 a. m. and 8:36 p. m.

Weather Probabilities.

For this section unsettled weather tonight and Sunday; fresh easterly winds.

Ready to Answer Charge.

Preston Withers, colored, entered the station house last night and approaching Lieutenant Smith asked information concerning a warrant which had been issued for his arrest. The lieutenant looked over the record and found that a warrant was issued for Withers's arrest on May 27, 1905, for assaulting Lizzie Drayton. Withers stated that he had left the city after the assault and proceeded to Boston. He asked the lieutenant the amount of collateral he should leave for his appearance this morning, and taking a large roll of bills from his pocket deposited the required amount. Withers then asked if there were any other charges against him and when informed that there were not he left the station house. The case was called this morning in the Police Court, but in the absence of witnesses was continued.

Potomac Baptist Association.

The Potomac Baptist Association at its meeting in Waterford, Loudoun county, last week decided to meet the Wednesday after the second Sunday in August, 1907, at Marshall, Fauquier county. The committee on the state of the churches reported through the chairman, Mr. J R. Mansfield, of Alexandria, showing that all of the churches reported by letter or delegate except six, and that contributions for the past year had only slightly increased and that the total number of members in the fifty-five churches at present is 5,884. The matter of temperance reform was discussed. The progress made in the work of closing so many of the saloons throughout the State, particularly in Alexandria county, was favorably commented upon. The work of the Anti-Saloon League was heartily commended.

Death on a Steamer.

The body of a man supposed to be E. Alexander, of Washington, was found on board the steamer Washington, of the Norfolk and Washington Steamboat Company, yesterday morning about two hours after the steamer reached Washington. The only clue as to the man's identity was a receipt in his pocket from a Washington tailoring establishment to E. Alexander. He was about 40 years of age. The body was removed to the morgue and an effort is being made to locate his relatives or friends. It was subsequently learned that Alexander was an attendant at the Government Hospital for the Insane.

Large Crop of Weeds.

The city has for some time past been employing a corps of boys to pull grass from the streets, and they have made perceptible progress in their work. The recent copious rains and hot waves have produced large crops of weeds which should be cut down and carried away as soon as possible. Should they be allowed to stand their noxious growth will wither and, it is believed, cause sickness. Many persons in this city are now suffering from fever, and every exertion should be made to eliminate anything likely to cause sickness.

Police Court.

There were 25 persons, white and colored, before the Police Court this morning. Most of the accused were charged with misdemeanors and the cases were properly disposed of. Chas. Jonah, colored, who had been arrested by Lieut. Smith and Officers Bell and Henderson charged with stealing $250 from A. D Bowzer, had his case continued. Lee Downs had been arrested by Officers Bettis and Nicholson on suspicion of stealing hats from a Southern Railway car. His case was also continued.

Elephants for Luna Park.

Several elephants, consigned to Luna Park reached this city about 8:30 o'clock last night via the Baltimore and Ohio Railroad. They were brought across the river from Shepherd's on the transfer barge, and were later led to the park. It was supposed that the elephants would arrive some time yesterday, and many of the younger generation were on the lookout for them.

The managers of the park in their advertisement today announce new features at that popular resort.

Men-of-war in the River.

The monitors Florida and Arkansas and the cruiser Newark, with Annapolis midshipmen aboard, which passed in the Virginia capes Friday from New London, are in the Potomac river with the cruisers Cleveland, Denver and Des Moines. The midshipmen are to be given opportunity of visiting the proving grounds at Indian Head before returning to Annapolis.

Apoplectic Stroke?

It is feared that Rev. J. G. Council, the aged pastor of the Baptist Church at Del Ray, Alexandria county, who was injured by a fall at St. Asaph station Saturday morning, is in a serious condition. It was at first thought that he had suffered from an attack of vertigo, but it is now thought that he was stricken with apoplexy.

On the Route Again.

As was anticipated, the repairs to the ferry steamer Woodbury were completed Saturday night and the boat resumed her place on the route early yesterday morning. The Woodbury and Callahan transported the usual large number of Sunday passengers. The boats are now run on a half-hour schedule as heretofore.

Funeral.

Funeral services over the remains of Edward Coggeshall Spofford, whose death took place at his residence in West End, Fairfax county, Friday morning, were held at his late residence this afternoon. The interment, which was private, was in Arlington cemetery.

Another Hot Sunday.

The weather yesterday was a continuation of the sultry conditions that have prevailed during the present month. The day was quiet, and during the afternoon, when the heat was most oppressive, comparatively few people were on the streets.

Personal.

Miss Bena Stratton has returned from a visit to her old home, in Lynchburg.

Mrs. M. V. Shepperson, who has been visiting relatives in this city, left Friday for Richmond.

Mr. Fred Kemp, jr., of Washington, has invited Mr. Stokes, Mr. Oglesby and Mr. Wilson to attend a house party at his summer home at Alanthus, Va., given in honor of Miss Susie Hawkins, of Alexandria.

The engagement is announced of Miss Augusta Dabney Wirt and Mr. William C Nelle, of Wilmington, Del., who formerly resided in this city. The marriage will take place in October at Wirtland, the ancestral home of the bride, in Westmoreland county.

Miss May Hellmuth is the guest of the Misses Feuchtenberger, in Charlottesville.

Mrs. Mary Davis and little son and Misses Bessie and Louie Davis, of Alexandria, are visiting at Mr. B. F. Richards'.—[Strasburg News.

Mr. and Mrs. M. L. Dinwiddie and son Jack left today for Virginia Beach for a two weeks' visit, after which they will return via Norfolk, Raleigh and Greensboro.

Mr. Wm. H. Hunter has returned from a pleasant trip to Sheperdstown and Martinsburg, W. Va.

Dr. T. Marshall Jones has gone to Markham for a week's visit.

Mrs. Thomas Arnold, of San Antonio, Texas, who has been visiting her brother, Mr. James H. Mansfield, in this city, has returned to her home.

Dr. W. M. Smith and Mr. J. H. Trimyer, of this city, have been appointed marshals of the firemen's parade in Richmond on Thursday.

Justice H. B. Caton has returned to the city. He presided in the Police Court this morning.

Mr. Stephen Taylor and family, who have been visiting at Colonial Beach, have returned to their home in this city.

Mr Frank Pullin, of this city, is visiting friends and relatives in Augusta county.

Mr. Edward Quinn, Mrs. Wm. H. Quinn, Mrs. F. T. Quinn and Mrs. Jefferson Aitcheson are at the Belden Hotel, Atlantic City.

Decline in Martial Spirit.

The Alexandria Light Infantry went out on Thursday for their annual encampment, marching through the streets of the city with less than forty men. This leads the Alexandria Gazette to remark on the decline of the patriotic, or at least the martial, spirit. This company, with their ranks, is the only military organization in the city at the present time, whereas in 1860, just before the breaking out of the civil war, a majority of the able-bodied men and youths of the city were soldiers. There were five infantry companies, one artillery, and one cavalry, each company having full ranks. One of these companies, "The Alexandria Riflemen," commanded by Capt. Morton Marye, was the first military company to arrive at Harper's Ferry on the occasion of the John Brown raid in November, 1859; and was one of the two companies sent by Longstreet, under command of Captain Marye, across Bull Run, at Blackburn's Ford, on the 18th of July, 1861, to capture the battery of artillery thrown forward by McDowell on his advance to First Manassas, which occurred three days later. All of these Alexandria companies took an active part in the Confederate war; but the artillery company commanded by the Kempers, first by Delaware and on his promotion by Kosciosko, gained great distinction.—[Charlottesville Progress.

Work of Vandals.

The residence of Mr. E. H. Kemper, on the west side of Fairfax street, was entered during the past few days and the interior of the house and contents damaged considerably. A china closet was demolished, a large mantel mirror smashed, a sideboard defaced, paper pulled from the walls and holes made in the plastering. So far as known nothing was taken from the house, but there seems to have been a determination on the part of the vandals to cause as much damage as possible. It is supposed that the miscreants were in possession of keys to the house. Mr. Kemper and his family have been out of the city for several weeks.

Trouble with the Current.

The running of electric trains was brought to a standstill about noon today. All electric cars in the city ceased running at the same time. The trouble is said to have originated in the power house at Four-mile run. Later the current was turned on, when the running of trains was resumed.

Charged with Assault.

Officers Roberts and Lyles today arrested "Doc" Brown, on complaint of Georgianna Nelson, who charges him with assault. According to the complainant, Brown assaulted the woman with a knife. The case will come before the Police Court tomorrow morning.

Accident to an Engine.

The rod on the right side of the locomotive attached to a westbound train on the Manassas branch of the Southern Railway became detached in the neighborhood of Wellington last Friday evening and tore off the side of the cab, injuring Mr. Thomas Rowen, the engineer.

LOCAL BREVITIES.

The new banner for the Columbia Fire Company has been received from Columbus, Ohio.

Charlie, son of Mrs. Maggie and the late Louis Magruder, died at his home in Washington last night.

The Old Dominion Baseball Club, of this city, will not play the champion colored team of Virginia, as there is some misunderstanding between the players.

A deed has been recorded in the Clerk's office of the Corporation Court from Ella Dolan et als. to Eva J. Dolan conveying to the latter a lot of ground on the south side of Gibbon street, near Fairfax.

Frightfully Burned.

Chas. W. Moore, a machinist, of Ford City, Pa., had his hand frightfully burned in an electrical furnace. He applied Bucklen's Arnica Salve with the usual result: "a quick and perfect cure." Greatest healer on earth for Burns, Wounds, Sores, Eczema and Piles. 25c at E. S. Leadbeater and Sons, druggists.

The Senate Before the War.

J. G. Blaine's Twenty Years in Congress contains the following: "With one-half the Senate under the control of the slave-holding States and with the constitution declaring that no amendment to it should ever destroy the equality of the States in the Senate, the southern leaders occupied a commanding position. Those leaders constituted a remarkable body of men. Having before them the example of Jefferson, of Madison and of George Mason in Virginia, of Nathaniel Macon in North Carolina, and of the Pinckneys and Rutledges in South Carolina, they gave deep study to the science of government. They were admirably trained as debaters and they became highly skilled in the management of parliamentary bodies. As a rule, they were liberally educated, many of them graduates of northern colleges, a still larger number taking their degrees at Transylvania, in Kentucky, at Chapel Hill, in North Carolina, and at Mr. Jefferson's peculiar but admiral institution in Virginia. Their secluded mode of life on the plantation gave them the leisure for reading and reflection. They took pride in their libraries, pursued the law so far as it increased their equipment for a public career and devoted themselves to political affairs with an absorbing ambition. Their domestic relations imparted manners that were haughty and sometimes offensive; they were quick to take affront, and they not infrequently brought needless personal disputation into the discussion of public questions; but they were almost without exception men of high integrity, and they were especially and jealously careful of the public money. Too often ruinously lavish in ther personal expenditures, they believed in an economical government, and throughout the long period of their domination they guarded the Treasury with rigid and unceasing vigilance against every attempt at extravagance and against every form of corruption."

Bulgarians Demand Reprisal.

A meeting of 20,000 inhabitants of Philippopolis, Bulgaria, and surrounding districts, which also was attended by 1,900 delegates from Macedonia associations in all parts of Bulgaria, yesterday adopted resolutions protesting against Greek outrages and urging the government and the nation to use all means to secure a strict enforcement of article 23 of the treaty of Berlin; to break off diplomatic negotiations with Greece, to meet the Greek outrages with all the reprisals permitted by international law and to affirm the inadequacy of the Muerzsteg programme, which provides for the maintenance of the status quo in the Balkans. The meeting further recorded an expression of regret for the acts of intolerance by certain Bulgarians on Greek provocation. The meeting was quite orderly, and at its conclusion those present formed into an imposing procession and left copies of the resolutions at the Russian, French and British consulates.

Must Have Licenses.

Social clubs of Columbia and throughout South Carolina will have to take out a retail revenue license if alcoholic liquors are kept in the lockers. Following an investigation at Columbia by the Revenue Bureau at Washington, it has been decided by the Treasury Department that the clubs must pay the $25 tax, and accordingly the officers of a number of them in the State have been so notified. The others will be notified as soon as they can be reached. The department has made a test of the matter in the courts, and in other States, it is said, the same rule will apply where conditions are the same. An opinion was asked regarding clubs chartered or incorporated, and it was decided that they were also liable for this tax. When the department investigated the laws of South Carolina it was decided that all clubs where alcoholic liquors were dispensed were liable for the tax.

Killed the Wrong Man.

R. E. Wishart, of Ocala, Fla., was killed at San Antonio, Pasco county, yesterday morning by a turpentine dealer named Burton. Wishart operated a tie camp at Ehren, and with his two daughters went to San Antonio to have dental work done for one. While the young lady was in the dentist's chair, and Wishart was waiting in the office, Burton, who had a grievance against the dentist, whose name is Nichols, came to the door and asked if Nichols was in. Wishart replied that he was, and Burton, thinking it was Nichols who spoke, fired a load from a shotgun into Wishart's heart, killing him instantly. As Burton fired he called out: "Nichols, you have ruined my wife." Wishart went to Florida from Lumberton, S. C., eight years ago and owned considerable property on the west coast.

Suicide of a Woman.

After three days of a carousal at the McDonald Fair with her former sweetheart, Charles Sechler, Mrs. Jennie Anderson, wife of John Anderson, a wealthy farmer living near Pittsburg, Pa., paid for her fun with her life yesterday. Rather than face her husband, Mrs. Anderson, after she had bidden Sechler good by, sent a bullet into her breast just as they reached the gate leading to her home. She was trying to send a bullet into her brain when Sechler wrenched the revolver from her hands. The woman pleaded to be allowed to finish her work, declaring that she had had her fun and was willing to pay for it.

Sechler, almost paralyzed with terror, hurried to the house, where he notified the husband. The latter ordered him from the house and refused to go to his wife's assistance. Sechler drove to Imperial in search of a doctor.

For four hours, it is alleged, the body of the woman lay in the broiling sun. When a physician arrived the woman was dead. The physician believes that she had been dead about two hours when he reached her. The husband still refused to have anything to do with the case and the body was taken to the home of a neighbor.

Killed by his Horse.

Rev. Thomas Wood, senior pastor of the Great Falls circuit of the Methodist Episcopal Church of Baltimore county, Md., was killed yesterday by his horse while he was trying to take a stone from the animal's hoof. Rev. Mr. Wood, who was sixty five years old, was on his way to one of his churches when an automobile passed his carriage. The horse became frightened at the machine and ran onto the car track paralleling the road. In doing so, the horse got a stone in his foot; and the minister got out of the carriage and attempted to extract it. The animal, still nervous from the automobile, suddenly backed and then leaped forward, trampling the minister, breaking three of his ribs and causing internal injuries from which he died.

Cure for Neuralgia.

A simple method of curing facial neuralgia is given in the Indian Review. If the neuralgia is in the right side of the face the left hand should be placed in a basin of water as hot as can be borne. Or if neuralgia it in the left side of the face then the right hand should be placed in the hot water. It is asserted that in this way relief may be obtained in less than five minutes. The explanation is that the two nerves which have the greatest number of tactile nerve endings are the fifth and the median nerve. As the fibres of these two nerves cross any impulse conveyed to the left hand will affect the right side of the face, or if applied to the right hand will affect the left side of the face. This is on account of the crossing the cords.

Attempt to Assassinate Governor General

The Warsaw revolutionists who on Saturday attempted to assassinate the governor general adopted a strategem to induce him to leave the palace. A few days ago a revolutionist, disguised as an officer, appeared at the German consulate, quarreled with the vice-consul and boxed his ears. Owing to this incident the governor general was compelled to visit the vice-consul and offer an apology. Meanwhile the revolutionists had rented a flat near the vice-consul's residence and when the governor general's carriage appeared they threw bombs at it. The police having been informed that a light-haired girl threw the bomb, arrested all the light-haired girls in the neighborhood.

Cape-to-Cairo.

The Cape-to-Cairo railway recently reached the Broken Hill copper mine, 374 miles north of Zambesi, building being at a rate of a mile a day. The terminus in June last was 2,016 miles north of Cape Town. Seven bridges were recently built, the one over the Kafue river being 1,200 feet long. A branch of the railway is to be built into Katanga, a province of the Congo State, to reach the gold and copper of that region. An English expedition, under Major Cotton, is now traversing the route via the Nile to the Zambesi. Mrs. Cotton is the first white woman seen by the pygmies, who admire her "long, straight hair," their own being somewhat frizzled.

Wholesome Summer Reading.

Summer being a season of more than usual leisure to many people, affords exceptional opportunities for reading, especialy to those who spend the time quietly

Summer literature is, therefore, an important consideration. To meet the demand of our customers we have taken great care to provide for them the most excellent and delightful summer reading.

The best of the latest fiction, the ever-agreeable standard authors; many rare and valuable volumes whose contents are not too heavy, but of the light, entertaining character suitable for recreation.

Students who wish to continue a course of instructive reading will find here such works as contribute to a polished education.

Travelers desiring to take along some books to read on the way may secure authors that will prove interesting companions on train or steamer.

The little folks are remembered in many charming story and picture books.

Here also, are the latest magazines and choicest periodicals

We mention a few, which are only suggestive.

One lot of small, handy volumes, such as "Man Overboard," by Marion Crawford; "Mrs. Pendleton's Four in Hand," by Gertrude Atherton; "Mr. Keegan's Employment," by Winston Churchill, and many by Kipling and others; all cloth bounds.

Choice, 10c per volume.

Paper Novels.

"John Halifax, Gentleman," by Miss Mulock; "Chris," by W E. Norris; "Vivia," by Mrs. Forrester; "Ecrits," by R. D. Blackmore; "The Great Hesper," by Frank Barrett; "Dark Days," by Hugh Conway, and others.

Paper Novels at 10c.
Paper Novels at 20c. 6 for $1.00.
Paper Novels at 35c. 3 for $1.00.

TOOLS AND CUTLERY.

The Best Tools

We offer to our customers what we believe to be the best line of tools made—the celebrated Keen Kutter Tools, which were awarded the Grand Prize at the St. Louis Exposition. The

Keen Kutter

trade mark covers a complete line of tools and cutlery, even including some tools that are not "cutters." Every Keen Kutter Tool is guaranteed to be the best that brains, money and skill can produce. Tool Booklet free at our store.

DESIRES TO ANNOUNCE THE OPENING OF ITS

SAVINGS DEPARTMENT.

Deposits received in this department upon the most advantageous terms. Correspondence and interviews invited.

FINANCIAL

That your money is deposited with this strong, progressive and wide awake institution. We offer you service that can only be obtained through such perfect organization as characterizes the management of this institution and give the best and most vigilant attention to all business entrusted to us. One of the surest avenues to success is to open a bank account and learn to save systematically—make a deposit every week—small though it may be—YOU SHOULD SAVE THE SURPLUS. Don't put it off until you are older, but commence now—TODAY—for you are never poor after you make up your mind to save part of your earnings every week, and the end of each week will find you better off and climbing steadily to financial success. We pay 3 PER CENT. INTEREST compounded in our Savings Department and our treatment of both small and large depositors is uniformly courteous. We solicit the accounts of individuals, firms and corporations, and promise courteous consideration and the very best terms consistent with sound banking methods. We believe it would be to your advantage to call and talk this matter over with our officials, and we invite you to do so.

MONDAY EVENING, AUG. 20, 1906.

Caterpillar Fever.

The symptoms of the ailment known to doctors as "caterpillar rash" are intense irritation on the palms, and sometimes on the face, accompanied by a number of blisterlike swellings which, when they occur round the eyes, sometimes have the effect of obstructing vision. The preventive is to leave hairy caterpillars alone. As the "palmer worm," the hairy caterpillar of the gold tail moth, one of the commonest and most beautiful objects of the country at midsummer, passes from hand to hand, it leaves on every palm a few of its loosely attached hairs, and those hairs are possessed, for the protection of the caterpillar against birds and browsing animals, of what scientists call "urticating properties." "Urtica" is the Latin for "nettle." Many other hairy caterpillars are almost as bad as the "palmer worm," and as a general rule the less you handle any hairy caterpillar the better.—London Mail.

The Benefit of Exercise.

Exercise does for the body what the mountain side does for the stream of water. When the water runs down the mountain side it is a babbling brook, leaping out into the air now and then, throwing itself into spray, exposing itself to the air and sunshine and the waters are crystal pure. In the valley or on a level plain the waters may form stagnant pools and get covered over with slime of all sorts and inhabited by all kinds of filthy creeping things. Some people let themselves get into the condition of that stagnant pool and then wonder why the frogs croak in their brains and why the birds do not sing instead. When a person gets into the condition where the body is like a stagnant pool a radical change must be made in his life. He must begin by getting vitalized, new blood into all his cells and tissues.—Good Health.

Jackson in Triumph.

After the battle of New Orleans, says Thomas E. Watson in his magazine, when the victor had been crowned with laurel in the cathedral and acclaimed like a demigod through the streets, it was of his mother that he spoke to the officers whom he was about to disband—their glorious work being done. "Gentlemen, if only she could have lived to see this day!" As you follow the narrative of Andrew Jackson's career, you will hear him say many things that you will not approve, will see him do many things which you cannot applaud, but when you recall that at the very top notch of his success and his pride his heart stayed in the right place and was sore because his mother could not be there to gladden her old eyes with the glory of her son you will forgive him much in his life that was harsh and cruel and utterly wrong.

Sweetheart of "Robin Adair."

"Robin Adair" was written by Lady Caroline Keppel, the daughter of the Earl of Albemarle. Robin was a real character, a young Irish doctor who had been forced by a scandalous adventure to leave Ireland and seek his fortune in England. Chance threw a rich patient in his way, a lady of quality, and at her house he met Lady Caroline, and the result was a case of love at first sight on both sides. Her parents objected and sent her away, and during her absence she produced the song.

England's Youngest Bride.

The youngest bride who was ever led to the altar in England, so far as we can discover, was little Catherine Apsley, who had only seen four summers when she became the wife of the first Earl Bathurst, who was exactly double her age. The tiny ring worn by Catherine on this occasion, over two centuries ago, is still preserved. Lord Bathurst survived to see the eighty-third anniversary of his wedding day, while his lady was a wife for seventy-six years.—London Chronicle.

Objection Removed.

"You objected to Jack because he had to work for a living, didn't you, mamma?"

"Yes, my dear. He doesn't belong to our class."

"Well, it's all right now. May he call tonight?"

"Has some one left him a fortune?"

"No, but he's lost his job."—Cleveland Leader.

Wanted Some of the Same.

A little boy was taken by his father into a cafe for dinner. As they were eating their dessert the father handed the waiter a bill, which that worthy carried to the cashier's desk, returning presently with a little pile of change on a silver plate. Robby's eyes grew bright. "Oh, papa," he said, "I'd like a plate of that too!"—New York Herald.

Gounod's Progress.

"As you advance further in your art," said Gounod to a young poet, "you will come to think of the great poets of the past as I now appreciate the great musicians of former times. When I was your age I used to say 'I;' at twenty-five I said 'I and Mozart;' at forty, 'Mozart and I;' now I say 'Mozart.'"

A Healing Gospel.

The Rev. J. C. Warren, pastor of Sharon Baptist Church, Belair, Ga., says of Electric Bitters: "It's a Godsend to mankind. It cured me of lame back, stiff joints, and complete physical collapse. I was so weak it took me half an hour to walk a mile. Two bottles of Electric Bitters have made me so strong I have just walked three miles in 50 minutes and feel like walking three more. It's made a new man of me." Greatest remedy for weakness and all Stomach, Liver and Kidney complaints. Sold under guarantee at E. S. Leadbeater & Sons' drug store. Price only 50c.

Prof. Tyler, of Amherst college, said recently: "A man can live comfortably without brains; no man ever existed without a digestive system. The dyspeptic has neither faith, hope or charity." Day by day people realize the importance of caring for their digestion; realize the need of the use of a little corrective after overeating. A corrective like Kodol For Dyspepsia. It digests what you eat. Sold by W. F. Creighton & Co., 401 Kingstreet.
